

LEADING EDUCATION INNOVATION

CoSN Innovation Survey Reveals Key K-12 Hurdles, Accelerators and Technology

According to the project, “accelerators” drive teaching and learning innovation in schools, while “hurdles” hinder it. The top hurdles and accelerators to address in 2022 are:

Hurdles

- Scaling Innovation & Inertia of Education Systems
- Attracting & Retaining Educators and IT Professionals
- Digital Equity

Accelerators

- Personalization
- Building the Human Capacity of Leaders
- Social & Emotional Learning

“Tech enablers” are tools that school districts can leverage to overcome hurdles and utilize accelerators effectively in 2022. The top three tech enablers are:

Tech Enablers

- Digital Collaboration Environments
- Untethered Broadband & Connectivity
- Analytics & Adaptive Technologies

To learn more about CoSN’s 2022 survey results and the Driving K-12 Innovation project, visit: cosn.org/edtech-topics/driving-k-12-innovation/.

The Driving K-12 Innovation initiative is sponsored by: ClassLink, HP, Microsoft and Telos (Gold Sponsors); and Cisco, ENA/CatchOn, Jamf and Kajeet (Silver Sponsors).

About CoSN

CoSN (the Consortium for School Networking) is the premier professional association for school system technology leaders. CoSN provides thought leadership resources, community best practices and advocacy tools to help leaders succeed in the digital transformation. CoSN represents over 13 million students in school districts nationwide and continues to grow as a powerful and influential voice in K-12 education. cosn.org
