### **Accelerating Innovation**

*A Guide to Leveraging the 2024 Driving K-12  
Innovation Report*

“EdTech leaders can utilize this resource to guide strategic planning and decision-making processes within their organizations. The report’s framework helps in identifying critical issues relevant to their specific contexts and devising appropriate strategies to address them. By engaging with the identified hurdles, accelerators, and tech enablers, leaders can prioritize initiatives that will have the most significant impact on educational outcomes.”

*- David Jarboe, Director of Instructional Technology  
& STEAM/CTE, D2 Harrison Schools, CO, US*
